

TEAM BUILDING EVENTS & ADVENTURES

Build morale. Enhance productivity. Increase profits.

Since 1992 Canadian Outback Adventures has provided progressive organizations with a unique suite of innovative team building events and adventures, all planned and executed with extraordinary attention to detail. Your company, like any progressive organization, understands the advantages derived from teambuilding initiatives, such as improved morale, increased productivity and reduced staff turnover, and that these investments are of increasing importance in today's changing workplace.

Booking your next event with Lodging Ovations & Club Intrawest is a great business move. Imagine a collection of upscale hotels that strike just the right note. Special places with a sense of style and sophistication that make you feel perfectly at home. Imagine no longer. These exclusive vacation experiences can be found in Whistler at Club Intrawest, Legends, & First Tracks Lodge.

Including one of our team building events and adventures in your itinerary is also a great business decision. If you're looking for a beneficial and enjoyable experience together as a team, we have some of our most popular events available at or near Club Intrawest & other Lodging Ovations properties. Choose from *Canadian Outback's Amazing Race*, *Survivor: The Canadian Outback*, *Wilderness Whitewater Rafting*, *CSI: Canadian Outback*, *Outback Team Orienteering*, *RiverQuest*, *SnowQuest*, *Canadian Outback's Eco-Challenge*, *Iron Chef BBQ Challenge*, and more.

If you have specific workplace issues you need addressed, our professional training through experiential learning programs may be the solution you've been searching for. We use challenges and experienced facilitators as a means to hit on concepts and solutions your team will be able to apply immediately. Popular themes include *motivation*, *better understanding one another*, *conflict reduction*, *getting more done with fewer resources and less time*, and *the secret to success*. People in your team who had a problem yesterday will learn something during the program that will make a difference tomorrow!

Our various team building initiatives are chosen by well-known companies such as PricewaterhouseCoopers, Bell Canada, Pharmasave, TELUS, Nokia, Polygon Homes, AXA-Pacific and Microsoft. We are also a preferred supplier to many of Canada's top destination management companies.

"Our event was a huge success and everyone had a wonderful time. Your staff was well organized and very friendly. It was an outstanding teambuilding exercise. I've had many comments that this was the best retreat ever. Canadian Outback was a big part of this." Mr. Wayne Scott, Edwards, Kenny & Bray
