EFFECTIVE TEAM BUILDING EVENTS

Now available at The Long Beach Lodge

Since 1992 Canadian Outback Adventures & Events has provided progressive organizations like yours with a unique suite of cost-effective team building events, all planned and executed with extraordinary attention to detail. Your company, like any progressive organization, understands the advantages derived from teambuilding initiatives, such as improved morale, increased productivity and reduced staff turnover, and that continued investment in staff morale is of increasing importance in today's changing workplace.

Booking your next event in the unique setting of The Long Beach Lodge is a great business move. The resort consists of a beachfront lodge and rainforest cottages, and offers first-class amenities and service in a stunning, relaxed and unique environment. Their fully equipped meeting room can seat 50 people in a variety of configurations, an external door provides direct beach access; and the built-in sound and projection equipment will make communication a breeze. Native artwork on the walls provides a west coast flavour to the room and full catering is available.

Including one of our team building events in your itinerary is also a great business decision. If you're looking for a beneficial and enjoyable experience together as a team, we have many of our most popular events available, such as the Amazing Chase, CI: The Crime Investigators, The Apprentice, Green Team Eco-Challenge, Secret Agent 007, Corporate Castaways, GPS Geocache, Cake Boss, Vegas Nights Casino and many more.

Our various team building initiatives are chosen by well-known companies such as PricewaterhouseCoopers, RIM, Bell Canada, Home Depot, TELUS, Nokia, BDO, Rogers and Microsoft. We are also a preferred supplier to many of Canada's top destination management companies and event planning agencies.

"The participants were amazed and excited about their experiences during this event. What an impact on our team's morale! To say that your team exceeded our expectations is but stating the obvious. I am so thrilled to have worked with such a fabulous group of professionals."
