

## WHY RAFT WITH CANADIAN OUTBACK?

**#1 OUR LOCATION.** It's just 90 minutes from Vancouver and 45 minutes from Whistler to our rafting base. This means you can comfortably do the trip in one day. There is no need to get up at the crack of dawn nor be stuck driving for 4 hours back to Vancouver after a long day.

**#2 RIVER FEATURES.** The most exciting rivers in BC are rated as a Class 3-4 which basically means lots of big waves or "hits". Based on our experience and pictures from all the companies who raft in British Columbia, the Elaho offers the best hits on a consistent basis.

**#3 THE SCENERY.** All rivers feature lots of float sections. During these sections it's nice to look around and check out the scenery. Our rivers run through a wilderness setting surrounded by forests, mountains, glaciers and waterfalls. Other rivers tend to offer little in the way of spectacular scenery as they are often in a desert environment running alongside a highway.

**#4 OUR EQUIPMENT.** We carry 8 clients in 16 foot paddle rafts. Other rivers use larger boats, some with loud engines. Our boats tend to give a sportier, more exciting ride.

**#5 OUR STAFF.** Due to the steady volume of customers we take during our long May through September summer rafting season, we are lucky enough to be able to retain the same guide staff year after year. This allows us to provide you with a high level of trip satisfaction regardless of when you go.

**#6 INTIMACY.** We usually take down 10 or fewer boats at a time. Other companies could have as many as 30 going. This allows us to pay more attention to your group and give you a more personalized experience.

**#7 OUR COMMITMENT TO SAFETY.** We are one of the rafting companies who exceed the minimum safety standards as set out by the BCROA in terms of safety equipment and procedures. These measures add significantly to the cost of a trip. You may be unaware of this because it is "behind the scenes". It is very important ... be sure you ask!

**#8 "ON THE SPOT" PHOTOS.** We take digital photos on all our trips and have them available for purchase immediately after the trip either as a print or on a CD. With other companies you'll have to wait a week or so to get your shots.

**#9 ACCOMMODATION OPTIONS.** Our location just north of Squamish provides you with a wide range of accommodation options in both Squamish and Whistler. Campgrounds, hostels, hotels, and comfortable lodges are all within a short drive of our rafting base.

**#10 GROUP LEADER BENEFITS.** Group leaders of 12 or more raft for free with us!

**TO RESERVE YOUR RAFTING ADVENTURE** contact a friendly Canadian Outback rep at 604-924-4500, 1-800-565-8735, or [info@canadianoutback.com](mailto:info@canadianoutback.com).
